

# VITALSOURCE® INGRAM CONTENT WORKFLOW

Ingram's industry-leading e-textbook platform, VitalSource, and digital asset management and distribution platform, CoreSource®, are now linked making it easier than ever to get your content ready for worldwide distribution.

## BENEFITS

- Total control of content distribution
- Send one file, one time
- Metadata included

## SERVICES INCLUDE

- Once setup in CoreSource, content is automatically exported into the VitalSource platform
- Standard Web service API's
- Full service and support SLA's available

VitalSource enhances content and provides flexible DRM and licensing options. Your content is available for use through a variety of channels, including Ingram's global reseller network and direct integrations.
